

Torrington Police Traffic Operations Unit

EVENT APPLICANTS:

- > Roadways may not be closed until the time specified by the permit application. No persons, merchandise, displays or tents may be placed within or upon the roadway until the roadway is safely closed to vehicle traffic.
- > Merchants with storefronts within the event perimeter MAY advertise, sell or place their merchandise or display within the sidewalk area in front of their store during any event, without compensation to the event.
- > The event area shall remain under the control and authority of the City of Torrington - who may stop and disburse the event for just cause.
- > Event organizers shall not leave the event until all trash, debris, displays and tents are removed from the streets and sidewalks of the event and its surrounding area.
- > Failure to remove trash, debris, displays and tents SHALL result in additional monetary compensation to be received by the City of Torrington from the event organizers, should the City incur any costs for these removals.
- > Event organizers shall plan all costs associated with the event, including Police traffic protection, trash and cleaning costs, restroom facilities, and any additional costs required for the successful scheduling and approval of the event.
- > A street closure permit application SHALL be on file with the City prior to event approval.

Questions or concerns may be referred to the Traffic Operations Unit during normal business hours
